

Mouse report

Dmytro Shytikov (Adapted from MI Stefan)

Semester 1, 2023/24

Introduction

This is the monthly mouse report, based on data collected by the lab assistant, Dr. Lu.

Overall statistics

Total number of mice: 40 animals. Their distribution according to the genotype is:

Genotype	Number
LSM	10
OLJ	11
RSM	19

The distribution of age and weight of mice is shown in figure 1.
